JAPANESE-AMERICAN SHOWDOWN IN SIGHT TODAY

LOCAL ROTARIANS TO "LISTEN IN" ON WIRELESS WEDNESDAY NIGHT

SHANTUNG QUESTION MAY BE SETTLED OUT OF CONFERENCE

Japanese Characterize Problem As Good As Settled. May Denounce Anglo-Japanese Alliance—American Govt. Repudiates Suggestion To Consider Cancellation Of Part Of War Debt.

FOREIGN PRESS ASSAILS FRANCE

Washington, D. C., November 28.—A show-down between the United States and Japan on the limitation of capital ships was in the air today, as the Arms Conference began its third week.

Delay in settling differences between the two great powers on Japan's demand for a higher ratio of tonnage than allotted under the Hughes programme, are ascribed to the Tokyo government rather than to the Japanese delegation here. Now Tokyo has been heard from and an agreement is looked for.

Many Possibilities in Sight

Settlement of the Shantung question out of "Court" became a possibility today. Unless the Far Eastern committee insists on handling the matter, Japan may also withdraw her 21 demands on China and denounce the Anglo-Japanese Alliance.

American government officials repudiated the suggestion that the government considers cancellation of any part of the European war debt.

Discussion of the Harding Association of Nations idea today disclosed objections from various quarters. Senator Borah, leader of the Senate "Irreconcilables" denounced the plan as merely another league of nations with broader powers than the Wilson League.

As Good As Settled

The Shantung question was characterized today in Japanese quarters "as good as settled."

Chinese authorities simultaneously agreed that the settlement outside

the Far East conference was likely, barring only insistence by the conferees on having the matter deliberated or in committee hearings.

Foreign Press Assails France

London, Eng., Nov. 28.—The press of England, Germany and Italy was arrayed against the French Press today and all turned to America for support. They pleaded their cases thus:

Britain favorably accepted the hint for an association of nations and denounced France for her refusal to reduce armament.

German papers looked with favor upon the possibility she may be invited to the Arms Conference, perhaps the Association of Nations, and declared she would advance guarantees to France that Germany has discarded militarism.

The Italian Press called for a show down of the differences of the French and Italian delegates at Washington tagged France as "militaristic."

SOVIET OFFICIAL BARES AMERICA'S RUSSIAN DEMANDS

Tchitcherin, Foreign Minister, Says U. S. Has Laid Down Unofficial Terms.

DEMAND OUTLINED

Moscow, Russia, Nov. 28.—George Tchitcherin, Soviet foreign minister in an interview today declared that America has unofficially prescribed three pre-requisites to establishing negotiations with Russia. The Soviet is prepared to offer these guarantees Tchitcherin said.

The unofficial demands of America according to Tchitcherin, are:
1. That America must be convinced that a stabilized government has been established in Russia.
2. That the Soviet recognizes private property rights.
3. The assurance no "terror" exists under Soviet rule.

Tchitcherin did not give the source of the unofficial demands of the United States government outlined. He gave this explanation of reports of several days ago that a Russian mission might be sent to Washington to negotiate on trade relations.

BIG STEEL CONCERN BUYS 14,000 ACRES OF COAL LANDS

Pittsburgh, Pa., Nov. 28.—The purchase of 14,000 acres of coal land in Greent county was announced today by the Jones and Laughlin Steel Co. The company purchased the land from the Piedmont Co.

The property lies along Dunkard Creek near the town of Pt. Marion. It is said the Jones & Laughlin Co. will hold it in reserve for future requirements.

ENGAGEMENT ANNOUNCED

An "engagement party" for Miss Helen Jacobson was given at the home of the young lady's uncle, Louis Shapiro, on South Second street last evening. About twenty couples were present and an enjoyable time was had.

HOUTZDALE HOTEL KEEPERS HANDED JAIL SENTENCES

William McKenzie, proprietor of the St. Cloud Hotel and James M. Grifey, proprietor of the Central Hotel at Houtzdale, who entered pleas of guilty to the selling of liquor without a license, were sentenced by Judge Bell at 2 o'clock this afternoon to pay a fine of \$500, the cost of prosecution and undergo imprisonment in the County jail for a period of thirty days.

The evidence of violation in each of these cases was secured by a couple of "dry detectives" who kept tabs on the people who frequented the hotels for an occasional "nip". Among the names turned in to the District Attorney was that of Burgess Anselm Stoltz who was summoned before the Grand Jury and furnished the necessary evidence to warrant the finding of a true bill.

Fifty Towns to Hear Rotary Official Through Westinghouse Radio Telephone

SOME OF THE WONDERS OF THE RADIO TELEPHONE

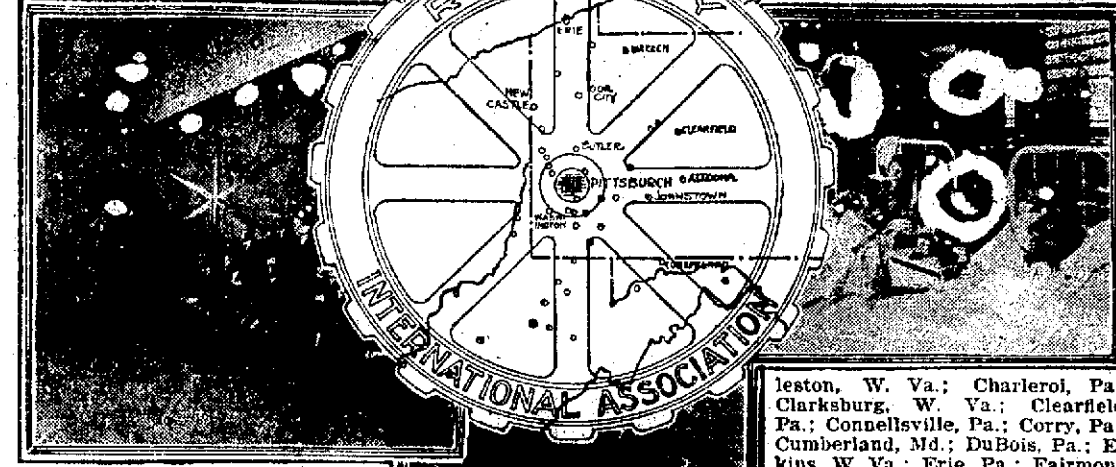

Top—Gypsy Smith hearing his own voice through the medium of the radiophone. A Gypsy Smith record was played at KDKA and the evangelist having his own receiving set "listened in."

Left—A concert held for the Dormant Stove League which members of the Pittsburgh Pirate baseball team attended. President

will be heard by the Rotarians throughout the District.

This will be the first time in history that benefits of a meeting held in one location can be obtained by other branches of the organization at different points. The arrangements will probably be made in the following cities to listen in on the speaker of the evening: Altoona, Pa.; Ambridge, Pa.; Beaver Falls, Pa.; Bluefield, W. Va.; Brownsville, Pa.; Buckhannon, W. Va.; Butler, Pa.; Char-

Barney Dreyfuss heard "Casey at the Bat" by wireless.

Right—Invalids get much pleasure from hearing the Westinghouse Radio Telephone concert.

Bottom—A receiving set keeps farmer as well informed as his city brother. Music, speeches, concerts, news, stock reports, athletic events, etc., are broadcasted every night.

Rotarians assembled in fifty towns within a hundred miles of Pittsburgh will be able to "attend" an important meeting of the Sixth District held in Pittsburgh by means of wireless telephone. In addition, many people will be able

to hear the speeches of the Rotary Club International Vice President, Ralph Cummings, and Sixth District Governor, Roy Nevill, through arrangements made by the Westinghouse Electric & Manufacturing Company to broadcast the program for November 30 through its radio station KDKA. In addition to the speeches that will begin at 7:30 P. M. on this date there will be an elaborate musical program which

Also many Rotarians who are unable to come to these various meetings will be able to hear the speeches in their homes.

CLEARFIELD ROTARIANS TO HEAR PITTSBURG AT DIMELING

Wednesday will be a big night for the Clearfield Rotarians, when they gather at the Dimeling Hotel. In addition to "listening in" on the Pittsburgh meeting, which is to be accomplished by means of wireless telephone, it will be "Ladies Night" with the local Rotes.

Arrangements have been made to install the wireless receiving set and audiphones in the main dining room

at the Dimeling, and promptly at 7:15 the meeting will be called to order. The entire wireless arrangement has been handled by Rotarian William Wrigley and the Rotary Club of Pittsburgh, and if everything goes all right he is bound to come in for his share of the praise but if anything goes wrong Brother Bill will have to hunt the next county audiphones in for a few days as practically every

Rotarian who can arrange to attend the meeting has signified his intention of being present.

The regular Rotary luncheon will not be served until after the wireless program is completed.

The wireless installed will remain in place until next week when Harry Lander will address the Pittsburgh Rotes and the local organization will again listen in.

BRUTAL ATTACKER OF GIRL TO FACE MURDER CHARGE

14 Year Old School Girl Dies After Hovering Between Life And Death For 5 Months.

New Castle, Nov. 28.—A charge of murder in the first degree will be lodged against Thomas V. Ryhall, 35, held in connection with the death of Clara B. Lennox, 14 year-old school girl, District Attorney Muse announced today.

The Lennox girl disappeared from her home here on July 14th and was found the following day in Greer Woods, her clothing torn almost completely off and suffering from a double fracture of the skull. She died yesterday after lying in a semi-conscious condition for five months.

Feeling against Ryhall is bitter since the death of the girl, the district attorney declared, and he announced his intention of having the prisoner transferred to the Butler county jail pending trial early in December.

BUDGET ONLY THREEBILLION

Washington, D. C., Nov. 28.—President Harding will submit a three million dollar budget to Congress when it convenes on December 5th it was learned today.

This budget will cover the government's financial needs for the fiscal year ending June 30 1923. The estimate is \$1,068,000 below the estimate submitted for the year ending June 30, 1922 and represents an actual saving of half a billion dollars.

SLAYER PAYS DEATH PENALTY IN CHAIR

Goes To Fate With Photograph Of Wife And Children Pinned Inside Of His Shirt Over The Heart.

Rockview, Pa., Nov. 28.—Frank Paulson, slayer of Michael Spósito in North Scranton on the night of April 24, 1919, paid the death penalty in the electric chair at the state prison here today.

Pinned to the inside of his shirt just over his heart was a photograph of Paulson's wife and two children whom he has not seen since he left Italy nine years ago.

Nightingale's Voice Carries.
The nightingale's voice can be heard for a distance of a mile.

NIMRODS PREPARE FOR OPENING OF DEER SEASON

Loads Of Provisions And Supplies Go To Camps While Hunters Trek To Mountains.

The big powwow at Washington regarding the possible naval disarmament of the world, has had no effect thus far on Clearfield county deer hunters, or those from many other sections of old Pennsylvania. At least that is the impression one would gain from a visit to the different railroad stations when a passenger train comes in. Every train coming to Clearfield is crowded with hunters while the streets of town have the appearance of an old time back woods army post village.

About every man you meet is carrying a gun and is all dolled up in his hunting togs making for the mountains, where deer are reported plentier than ever before in this region.

The thousand or more members of local hunting crews have completed preliminary arrangements and the

FOREIGNER WHO JOSTLES GIRL IS ARRESTED

Police Find Seven Qts. Of Moonshine When They Search Prisoner At Local Hoosgow.

HELD FOR COURT

Austrian Contends He Got Booze From Osceola Bootlegger Who Brought Truck Here.

Mike Marsharski, an Austrian who says he is employed in the Curwensville Brick Works, was arrested by Chief of Police Hitt and Officer Keogh about 11 o'clock Sunday night on complaint of a West Side young woman who said the man jostled her and forced her to step off the sidewalk on North Second Street to avoid being grabbed by the fellow, who was considerably under the influence of liquor.

The police were notified of the happening and set sail in the rain after the visitor. Marsharski was found splashing along the sidewalk by the Baptist Church and placed under arrest. He was carrying a brown handbag and when the bag was opened no less than seven quarts of moonshine were found reposing therein. And was not that a pretty sight to set before Mayor Chase when he appeared at Police Court this morning.

Says It Is Osceola Booze

The Police are of the opinion that the fellow is a bootlegger and was in Clearfield for the purpose of disposing of his wares but on account of the weather, customers were hard to find and the rain finally drove him to drink, hence his arrest. The prisoner contends that he purchased his seven quarts of moonshine from an Osceola party who hauled the stuff to Clearfield in a truck.

Held in Default of Bail

When the prisoner and his stock of liquor was brought before the Mayor, the latter ordered the man turned over to the county authorities. An information was made against him before Squire Chorpene charging violation of liquor law and in default of \$500 bail he was committed to jail.

Marsharski has had jail experience before. On August 18, 1917, he swiped the tin ticket box belonging to one of the Pennsylvania passenger conductors, when he got off the train at Curwensville. For that offense he served six months in jail.

The authorities are of the opinion that Marsharski got his moonshine from a "tanglefoot foundry" being operated on the west side of the river near town, and an effort will be made to have Marsharski lead the officers to it.

PITTSBURGH GROWS HEALTHIER LATEST REPORT SHOWS

Pittsburgh, Pa., Nov. 28.—(United Press)—Despite the smoke, Pittsburghers are winning their battle against disease according to figures compiled by the local department of health. The report which covers a period of 40 years makes these observations:

Pittsburghers are living longer than a generation ago:

Tuberculosis decreased 100 per cent.

Deaths from infectious diseases decreased 1,000 per cent.

Deaths from accidents decreased 11 per cent.

Not satisfied, health department officials plan to conduct an investigation of atmospheric conditions.

LEGION BAND READY FOR TWO CONCERTS

With final rehearsals of the American Legion band showing the organization in tip-top shape, all arrangements have been completed for the concert to be given at the High School Auditorium Tuesday and Wednesday evenings. The programme for the occasion has been carefully compiled and will give the music lovers of Clearfield a rare treat. The programme is:

Overture Stradella Flotow
A Song Of Indiana, From the Legend "Sadko" Rimsky-Korsakoff
Cornet Solo, Stars in a Velvety Sky Clark

Mr. Irven C. Kester
Soprano, Selected
Miss Mary Mitchell

March, Swannanoa Thayer
Selections from "Maytime" Romberg
Intermezzo, Badinage Herbert

Duet, for Flute and Horn, Serenade
Titi

Edwin Howard and Thomas Bryan
Soprano, Selected
Miss Mary Mitchell

Suite "Atlantis" (The Lost Continent)
V. F. Safranek

I Nocturne and Morning Hymn of Praise
II A Court Function

III "Love Thee" (The Prince and Anna)

IV The Destruction of Atlantis.

Atlantis is a continent mentioned in Plato's history, and extended across the Atlantic Ocean approximately from Europe to Yucatan. It

MISS MARY MITCHELL

is the subject of an exhaustive volume by Ignatius Donnelly and has also served as inspiration for several novelists. This continent, it is believed, was the home of a great race which conquered and civilized the world. The Azore Islands are considered to be the tops of its fifty mountains, and are all that now remains above water of the great continent.

H. Clark Thayer, Director

Assisted by
Miss Mary Mitchell, Soprano.

Mrs. Henry Rhine at the Piano

Talented Soprano to Sing

Miss Mary Mitchell, local talented soprano, who is on the programme for several selections, has been given a world of praise in the larger cities where she has appeared. In Detroit the papers were lavish in describing her artistic singing at the Madison theatre, and her "Indian Love Song" at the Capital Theatre, New York, brought forth most favorable comment from newspaper critics there.

PIRATES RAID LOCAL FLEET-- CANOES GONE

Search Being Made Of
River For Trace Of 2
Missing Craft--Reward
Offered For Return.

Pirates made a raid on the Clearfield waterfront Friday night and as a result the local fleet is shy two bottoms. Sometime about the hour of midnight, which is recognized by all good pirates as the zero hour, the canoes of Dick Leopold and Albert Ross were silently worked from their winter berths, one on the lawn directly in front of the Leopold front porch, and the other near the residence of Bill Gardner, slid down the ways with a noiseless splash and a few minutes later one third of Clearfield's fleet sailed away in the hands of the invaders--no casualties and none, the wiser 'till morning.

With the discovery of the raid next morning scouts were sent out along the river front and while the police boat was unable to catch up with the pirates, several clues are being followed, which it is hoped will lead to the recovery of the two canoes.

In the meantime the local fleet looks like the United States Navy is expected to after the naval disarmament programme goes through. It is thought the two craft were taken down the river, and authorities in the down river section have been asked to be on the watch for them. A reward has also been offered for information leading to the recovery of the canoes.

Easy Either Way.
"It is the easiest thing in the world for a man to play sensible," says a magazine writer. The easiest thing in the world is for a man to play the perfect fool. Anybody who's had experience knows that.--Houston Post.

So He Had to Help.
"Some fellows seem to think it is smart to forget to mail the letters their wife writes 'em," says the matrimonial magazine, "but I had my lesson. I forgot to mail one my wife wrote to her mother asking her to postpone her visit till we got our housecleaning done."

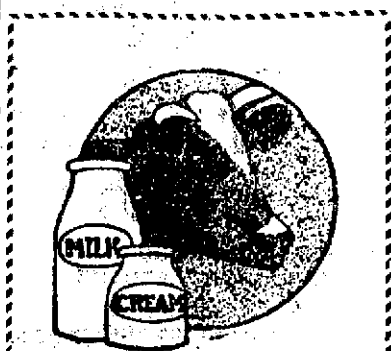

World's Finest Mosaics.
The mosaics in the church of St. Mark in Venice are the finest in the world. They cover 40,000 square feet of the upper walls, ceilings, and cupolas, and are all laid on a gold ground.

Saturn's Rings.
Professor Pickering declares that the thickness of Saturn's outer edge of the outer ring A can only a few miles, that of the inner ring B is some forty miles greater, while the thickness of the crape ring is about 1,000 miles.

Shave About Shaving.
According to a calculator made by a German physician, a man who has shaved himself for fifty years has spent 220 days of 12 hours each, standing before a mirror with his razor in his hand.--Indianapolis News.

Jackrabbit Something of a Puzzle.
The jackrabbit thrives in the semi-arid regions of the West, frequently found in places remote from any visible water supply and scant growth of green vegetation. But that the rabbits are fond of succulent herbs is evident by the rads they make on grain and alfalfa fields, and vegetable gardens.

Smoke Wood for Haddocks.
The historic wireworks at Tintern, England, in which Sir Francis Bacon had a share, are being used as a wood-burning factory, and the waste shavings are sent to Scotland to be used for smoking haddock, as the smoke from the locally grown hard wood has a peculiar sweetness which makes it of special value.

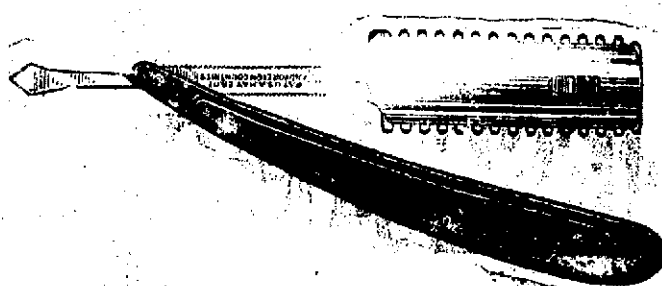

ARE YOU DRINKING ENOUGH MILK?

Are you putting into your system that proper rebuilding material that will make up for the strain that you're putting on your system? There's only one food that combines all the properties that are carried in milk and there's no better way of making up for the lost vitality than to drink plenty of nature's first food. The milk we're serving is given every care that milk can possibly have and then a few little precautions are taken that aren't usually thought of by the average dairyman. Milk is the properly balanced food. Are you drinking enough of it?

Clearfield Dairy Co.

Free! Free! Free!

This is a working model of the famous Durham Duplex Razor. You shave with the blade and not the handle.

It contains one of the same blades as is used in the high priced sets. The longest, strongest, bluest blade on earth.

THE DURHAM DUPLEX RAZOR IS THE BEST IN THE WORLD BECAUSE---

- I. It gives the same diagonal stroke as the old fashioned razor used by the best barbers. Hold it **FLAT** on your face and **SLIDE** it.
- II. You CANNOT cut yourself. IT IS A SAFE RAZOR. Hold it **FLAT** on your face and **SLIDE** it.
- III. It has the interchangeable blades made from the finest Swedish steel, the same as is used in the best old style razor, hardened oil tempered, hollow ground, honed and stropped to perfection. Every blade is hair-tested before leaving the factory. Hold it **FLAT** on your face and **SLIDE** it.
- IV. It is as near perfection as it is possible to make it. Get one at once and enjoy shaving comfort the rest of your life. Hold it **FLAT** on your face and **SLIDE** it.

CARLOAD OF STONE REPTILES TAKEN FROM FOSSIL BED

Calgary, Alta., Nov. 28.—(United Press)—Three carloads of dinosaur bones have been taken from the Red Deer fossil beds this season. Twenty-five specimens went to the University of Alberta, fourteen to the University of Toronto and eighteen to the Geological Survey which will be added to the Government collection at Ottawa. The Alberta dinosaurs, according to the scientists, date back 3,000,000 years when Western Canada was covered with tropical vegetation and filled with mammoth animals. Some of the dinosaurs dug out of the rock-like clay are thirty feet long. Scientists have been excavating in the beds for eleven years.

Specialize in Your Work. To make a success of life one has to know but one thing and do it. ODDS AND ENDS AND THINGS

"By Skinny"

For the benefit of the sportsmen of Clearfield county who hunt large game, especially deer, the season for which runs from December 1st to December 15th inclusive, Sundays excepted, we give below some very important information as follows:

Bucks only with antlers at least 4 inches long. The last Legislature changed the requirements for deer so that hereafter before a deer may be legally killed the hunter must be sure he is shooting at a buck deer with horns or antlers at least 4 inches long from the top of the skull, and so long as a deer has one antler 4 or more inches long it is considered legal. However, in view of the fact that the spike bucks of this year are badly needed for future breeding purposes, sportsmen are requested to refrain from killing small bucks even though they do have spikes 4 or more inches long. The future supply of deer depends entirely upon the care that is taken of the present stock. Last year 198 illegal does and 66 baby bucks (that had not yet grown legal antlers) were killed in violation of law. Of these deer 30 were killed in Clearfield county.

198 Does and 66 Bucks

Illegally Killed Last Year. The sportsmen of the State should see to it that during the coming open season for deer nothing like this number of illegal deer will be slaughtered. It is the duty of those who hunt in the counties where this illegal killing has been done to take a hand in seeing to it that conditions are corrected. Just think how many deer these 198 does and 66 bucks would have produced in 10 years from now! It is safe to say that this comparatively limited number of animals in 10 years under favorable conditions would have produced a herd of approximately 10,000 deer, probably 5,000 of which would be

OYSTERS AGAIN

You've been surfeited with turkey for the latter part of the week and now your palate probably demands something new, why not give these good oysters a chance to get in their work.

You'll like them stewed, fried or any other way your fancy dictates. You'll particularly like these that we are getting for they are great big fat ones coming right from the home of good oysters.

THORN BROS.

legal bucks. Does it pay to protect the does and baby bucks?

Fellow sportsmen, this demands your serious consideration and attention. Save both the does and the spike bucks and see to it that the violator of the law is apprehended and punished. The penalty for killing either a doe or illegal buck is \$100, and every member of a camp or hunting party who participates in the killing of an illegal deer or hunting party who participates in the killing of an illegal deer or the use or concealment of the carcass thereof, is liable to the full penalty. In addition to the cash penalty paid the Game Commission will revoke licenses for periods of one to five years for violations of the game laws.

CAMP LIMIT: The limit of deer for a camp or hunting party is 6 deer and 3 bears. Any person who has been a party to the killing of the legal number of deer or bears for the season cannot again individually hunt for, or participate in hunting for, such animals during that season. After a hunter has killed a deer, the attempt to kill a second deer by snatching on watch or otherwise is prohibited by the full penalty of \$100. This, however, does not compel a man to leave camp after he has killed a deer. He can still drive for the rest of the party, but in doing his actions should be guarded so that there will be no reason to suspect that he is attempting to kill a second deer. So as to avoid criticism, it is suggested that persons who have killed their deer or bear refrain from carrying a rifle while driving for the rest of their party.

wise is possible by the full penalty of \$100. This, however, does not compel a man to leave camp after he has killed a deer. He can still drive for the rest of the party, but in doing his actions should be guarded so that there will be no reason to suspect that he is attempting to kill a second deer. So as to avoid criticism, it is suggested that persons who have killed their deer or bear refrain from carrying a rifle while driving for the rest of their party.

CAMP ROSTER. Under another feature of the new law, every camp or body of men hunting together for large game must at all times while hunting maintain a roster or record giving in plain English the name, address and license numbers of all persons hunting with that party at any time during the season. Such roster must be kept at the camp, boarding house or other suitable place, and if not camping or stopping together, in the possession of the leader or captain of the hunting party. The roster must be open to inspection by officers. The penalty for failure to keep such roster or to tag large game is \$25.00 for each offense.

TAGGING LARGE GAME: Under a new provision of the law it is necessary to tag every large game animal within 6 hours after killing, giving in plain English the name, address and license number of the party who killed it, and the location where same was killed. Specimens of the tag suggested will be distributed to hunting camps by officers of the Department, whenever possible or same may be secured from the office direct.

SHOOTING WITH BULLETS CONTROLLED: Under a new law, it is illegal to shoot at targets or at random with bullets during the game season except at birds or animals or properly protected targets so that the bullet cannot go more than 15 yards beyond the target aimed at. Shooting at live trees is absolutely prohibited. Penalty \$25. for each shot fired.

SHOOTING HUMAN BEINGS IN MISTAKE: The law at this time imposes penalties of \$100 to \$1000 imprisonment of one to five years, and revocation of hunting license for

two to ten years upon persons shooting at, wounding or killing others in mistake for wild creatures. These laws are your protection and every one should see to it that they are obeyed strictly.

Optimistic Thought. The desire of more riches is want, and want is poverty.

Two Messages of Huge Importance Just Now

For Jack and Mary

Your name may not be exactly Jack or Mary, but we want to include every boy and girl that reads this paper. The Toyland that we have established in our lower floor is the greatest that we have ever fixed up. There's more here than there has been for many a long year. If you could just hear the trains, tinker toys and other things that are calling for some little boy to come for them and the dolls that are looking for some little girl to mother them, you'd know that Christmas, this year, is going to be the greatest ever. Come and make your selections so that you can tell Dad, Mother or, if you're going to write a letter to Santa, you can tell him what you want and where he can get it for you.

For Dad and Mother

Your little girl or boy, possibly both, has been down here and feasted eyes on things that will be expected to be under a tree on the Sunday morning not so many weeks ahead. And we wish you to know that for many a year we have striven to have our Toyland open in plenty of time, so that you may do your Xmas shopping early before the rush and jam of last-minute buyers. This year is no exception. We are ready. Jack and Mary have been in to make their selections. Are you ready to shop with pleasure before the last-minute shoppers jam the store?

In Our Campaign Against the Great White Plague Nature Is With Us

By DR. WALKER VEOZIE, New York University.

Tuberculosis is decreasing at an accelerated rate. Its frequency has dropped nearly 60 per cent since 1865. This decline undoubtedly is due in part to the growing prevalence of cleaner habits, better food and the cult of the open window; the adverse food and living conditions incident upon the World war, set back the improvement many years in Europe, especially in Austria.

Another factor, however, in the disappearance of the disease has been shown to be the fact that resistance to it is what the biologists call a dominant hereditary trait. A dominant hereditary trait is a characteristic transmitted from parent to offspring, which tends to assert itself in the offspring over a contrary characteristic whenever the two are present together. Resistance to tuberculosis is an hereditary trait and also dominant, for more children of marriages between resistant and non-resistant parents will be proof against tuberculosis than will be susceptible to the disease.

These results give occasion for optimism in respect to the ultimate outcome of our international campaign against the white plague, as we are assured that nature is allied with and not against us in the struggle.

Need and Place for Safety Movement in American Industrial Life.

By L. W. WALLACE, Society of Industrial Engineers.

One of the best pieces of work that has been accomplished in recent years in conserving the physical vigor of labor has been that done by the safety advisers. The safety movement has saved untold millions of dollars and thousands of human lives. It is one outstanding example of what a systematic organization can accomplish.

However welfare work may have been exploited, however badly handled, however disliked, there is unquestionably still a need and a place for it in American industrial and commercial life. As a sop it is a failure; as a substitute for wages justly due, it is pernicious; as paternalism, it is dangerous. If administered as supplementary to fair and full wages—if conceived as giving that justly due—if guided by the sincerest motives, and if participated in through the spirit of human kindness and cordiality, it will be a benediction and will result in maintaining a high morale, a better moral and physical condition of the worker and his family.

NATIONWIDE STRIKE OF PACKERS NOW THREATENS U. S.

Kansas City Packing Plant Workers Vote Walkout Following Reduction Of Wages—Strike Feared

Kansas City, Nov. 28.—A national strike of union packers threatened today following a meeting of several thousand union employees of packing plants in greater Kansas City, who went on record demanding a walk-out over wage cuts.

C. J. Hayes, international president of the Amalgamated Meat Cutters and Butchers Workers' declared that if the same sentiment came from other packer centers he would issue the strike order by Thursday.

BIG THEATRE FIRE CLAIMS 3 VICTIMS

12 Of 26 In Hospital Are Said To Be In Serious Condition—Search Fails To Find Any More Bodies

New Haven, Conn., Nov. 28.—Threedead and 26 seriously injured was the toll of the fire which destroyed the crowded Rialto theatre here last night, Police Chief Smith announced this morning.

12 of the 26 now in the hospitals are said to be in a critical condition.

ALTOONA MERCHANTS DIES

Altoona, Pa., Nov. 28.—Wm. F. Gable, 65, president of the Gable Co. Department stores, died here suddenly, early today.

You can spend saved money; But you can't save spent money

The average family spends each week about \$7.00 that could easily be saved. In a year this amounts to \$348.00. In five years, with the interest this money will earn, the amount will reach approximately \$2,000. Just think of it! The people of the United States spend each year for luxuries more than \$3,710,000,000. Just remember that out of every one hundred young men at the age of 25 there are just thirty-five years later fifty-four of them dependent upon some one else. A regular habit of saving will prevent you landing in the class with the other fifty-three.

FOCH IS MADE LEGION MAN

Distinguished Marshal Recipient of Ceremonial Badge From George Washington Post, No. 1.

Marshal Ferdinand Foch became a member of the American Legion the day he landed in America on his recent visit. He signed the application for membership immediately upon his arrival at Washington, D. C. The Marshal was met at the train by officials of George Washington Post No. 1 and escorted to the President's Lieut. H. S. Fisk room in Union station. Here he was presented by Lieut. Howard S. Fisk, U. S. N., commander of the post, with the American Legion ceremonial badge. George Washington Post No. 1 is the original American Legion post.

EX-SERVICE MEN RUN BUSES

Former Soldiers and Sailors Are Re-Employed by the Fifth Avenue Coach Company.

The Fifth Avenue bus in New York is a national institution. It is as famous as Broadway, Fifth Avenue, Brooklyn bridge and the Woolworth building. The busses, which ply through one of the most congested thoroughfares in the world are manned largely by ex-service men. This fact was discovered recently when employees of the Fifth Avenue Coach company, operators of the busses, applied for a charter for an American Legion post.

"We have found the ex-soldier and ex-sailor to be excellent bus men," said John A. Ritchie, president of the coach company, in a recent interview. "The ex-service man may have been a little restless when he came out of service, but wasn't everybody a little restless after the war?" asks Mr. Ritchie.

Mr. Ritchie re-employed every man of his organization who had gone to war and in putting on new employees has given preference to ex-service men. His company recently started a "celebrity" campaign, the purpose of which was to bring about a more friendly relationship between the patrons and employees of the bus. The campaign has resulted in virtually eliminating complaints of passengers, and, according to Mr. Ritchie, proves that "there are two sides to nearly every complaint."

IS STRONG FOR AMERICANISM

St. Paul Newspaper Editor Lauds the First Task of the American Legion.

"Good American citizenship means making the most of ourselves and our opportunities," and helping our neighbors to do likewise," declares Harrison C. Fuller, the first department commander of the American Legion in Minnesota, who was selected by Legionnaires of that state to represent them on the recent "pilgrimage" to France and the battlefields.

"Americanism," continues Fuller, "as conceived by the American Legion, has for its first task the education of all elements of our population in the principles of American government and in the opportunities offered by our system to the humblest resident of our land."

Fuller is city editor of the St. Paul Dispatch and Pioneer Press. During his term as state commander, he organized 472 posts of the Legion in Minnesota.

RIFLES FOR LEGION POSTS

Arms and Ammunition for Use at Funerals Will Be Supplied by the Government.

American Legion posts wishing to stock up on obsolete rifles and blank ammunition for use in funeral ceremonies may obtain them from corps ordnance officers, United States army, under the provisions of an act of Congress. No more than ten rifles and their equipment will be supplied to one post.

Legion state commanders must approve the application for the loan of rifles and the sale of blank ammunition. Upon receipt of the application bearing the endorsement of the state commander, the corps ordnance officer will supply a bond covering the penal value of the property. This bond, when properly executed, must be approved by the state commander and returned to the ordnance officer. Transportation must be paid by the post.

Corps ordnance officers are located as follows: First area, 99 Chauncy street, Boston, Mass.; second area, Governor's Island, N. Y.; third area, Fort Howard, Md.; fourth area, Fort McPherson, Ga.; fifth area, Fort Benjamin Harrison, Ind.; sixth area, Fort Sheridan, Ill.; seventh area, Fort Crook, Neb.; eighth area, Fort Sam Houston, Tex.; ninth area, Fort Sain Fe building, San Francisco, Cal.

Don't Try It.

Standing still won't get you anywhere, but running is apt to get you where you don't want to be.

PICKING AN ALL STAR BALL TEAM FINE FALL SPORT

Sisler And Frisch Are
Acknowledged Infield
Stars Of Great Nation-
al Pastime.

By HENRY L. FARRELL
(United Press; Staff Correspondent)
New York, Nov. 28.—While the season is not yet open for the hunters of the "All-American" type, these fans, who like to read and argue about "All-Star" selections are having some food for gossip in the nominations for "All-Star" baseball teams.

In a recent issue, the Baseball Magazine, nominates a first team composed of George Sisler, first base; Rogers Hornsby, second base; Dave Bancroft, shortstop; Frank Frisch, third base; Ruth Cobb and Speaker in the outfield; Steve O'Neil, catcher; Grimes, Ebbets, and Mays, pitchers.

This combination favors the American League by a count of seven to four and makes it look like the National League infielders, all to the good and their outfielders, all to the bad. The selection also hands the bulk of favor to the American League batteries.

Another selection, that of Fred G. Lieb, one of the leading baseball critics in New York, is of interest. Lieb places on his first team; Sisler, first base; Eddie Collins, second base; Bancroft, shortstop; Frisch, third base; Ruth, Speaker, and Ross Young, outfield; O'Neil, Schalk and Snyder, catchers; Faber, Mays, Grimes, Nehf, Shocker and Coveleskie, pitchers.

Sisler, Bancroft, Frisch, Ruth, Speaker and O'Neil are favored by both experts and probably will be by all who do any kind of "All" picking in the major league. Perhaps all will not agree with the nomination of Eddie Collins or second base just reaching his prime.

In view of what the National League pitchers did to the Yankees in the world series it looks also as if the American League hurlers may not be entitled to so much room on the pitching staff. Also it is hard to see how Waite Hoyt can be crowned out in favor of Coveleskie.

Sisler at first base and Frisch at third base are in a class by themselves. Barring the Gibraltar-like Stuffy McInnis the Brown "Sizzler" outclasses all other doorknockers of the big time and there is no third baseman within a mile of the "Fordham Flash", Frank Frisch.

Ruth because of his great hitting and Speaker because of the all-around class that makes him a centerfielder of the "All" class for all time, rule supreme in the outfield. Ty Cobb is there too on his past, but that must not be taken to mean that the Georgia Peach is through. His legs are not what they used to be, but he is still one grand player.

Steve O'Neil, the husky Cleveland receiver, is generally regarded as the best catcher of the game, although Chicago will argue long and loud about Ray Schalk; Pittsburgh will clamor for Schmidt and the Philadelphia fans will run to the support of Cy Perkins. All are fine catchers but the Cleveland Irishman seems to have a slight edge.

The KITCHEN CABINET

(© 1921, Western Newspaper Union)
Though you have everything you like, and riches come to you, you still may be unhappy, son, you'll find that this is true. But you can fill your days with joy; get that, it isn't alive. The way to be real happy is to like the things you have.

TASTY TIDBITS.

When you have several pieces of cheese, too dry to serve in ordinary ways, grate it and to a cupful of grated cheese add one-half cupful of boiling cream; stir until the cheese is dissolved, add cayenne and paprika, salt, if needed, and pour into a cream cheese jar. The cheese will be creamy and delicious and the bits will be saved for something worth while.

Cheese Salad.—Take a cream cheese or two, add thick sweet cream to soften, season with chopped chives, green pepper and nuts. Make into balls and serve on lettuce with a good boiled dressing.

Cottage cheese served plain, after it has been enriched with cream and such seasonings as are needed, served with a good boiled dressing, makes a most tasty salad.

Cheese, Savory.—To one cream cheese add a tablespoonful of softened butter, one teaspoonful of chives, one-half teaspoonful of parsley, both chopped; one-third of a teaspoonful of Worcestershire sauce and anchovy essence, with salt and paprika to taste. Press into a glass and serve from time to time with crackers.

Cheese Croquettes.—To three tablespoons of melted butter add one-third of a cupful of flour and stir until well blended; then pour on gradually one cupful of milk. Bring to the boiling point and add the yolks of two eggs slightly beaten and diluted with two tablespoonfuls of cream and two cupfuls of milk cheese cut in small cubes. Season with three-fourths of a teaspoonful of salt, a few dashes of pepper (red) and spread on a plate to cool as soon as the mixture is smooth. When cool, shape, dip in crumbs, egg and fry in deep fat.

Cheese Supper Dish.—Spread bread with butter and sprinkle with grated cheese. Arrange in layers until the required amount fills the baking dish. Pour over a pint of milk mixed with two beaten eggs, a little salt and over the top a generous sprinkling of paprika. Bake until the custard is set. Serve from the dish.

Here's Maxwell

The Secret.
To be successful all we have to do is to make as much of a business of our own business as we do of the things that are none of our business.—Boston Transcript

IMRODS SEEK MOUNTAIN CAMPS

annual trek to the mountains with camp equipage begun this morning. This is a serious job this year on account of the awful condition of the mountain roads.

River Line Popular.
The River Line county will be filled to overflowing this fall judging by the large number of hunters traveling down that way for the past week.

Deer and bear are reported very plentiful down that way while "bob" or wild cats are also very plentiful. Grant Maines, of Pottersdale, was in town this morning with the pelts of two fine big wild cats which he killed near his home while hunting pheasants on Thanksgiving Day.

SPECIAL CRIMINAL COURT OPENS TODAY

This special week of criminal Court, determined upon by Judge Bell and District Attorney Arnold to precede the regular December criminal court in order to assist in clearing up the list for the year, opened this morning, with some ten or fifteen cases on the list for trial.

The first case called was that of Steve Baum, of DuBois, who is being prosecuted by Victoria Miazza for violation of the liquor law and assault and battery. The prosecution is being handled by John Pentz, while L. D. McCall is looking after Baum's defense.

Four of the victims of the recent raid on illicit liquor making and selling in DuBois were at the Court House this morning and entered pleas of guilty to violating the liquor law. They were: Christina Cayenzi, Clemm Woods, Fred J. Clemente and Peter Andonovitch.

The Grand Jury for December term, of Criminal court will meet next Monday, December 5th, and the regular criminal court will start on Monday, December 13th.

December term of civil court opens next Monday. The list was gone over by the Court and attorney this morning and the cases ready for trial placed at the head of the list.

His Favorite Dish.

A Chinese merchant, being questioned as to his favorite article of food, prefaced his reply by stating that many foreign dishes which we consider appetizing are disgusting to the Chinese. With the way thus prepared, he announced that of all foods he cared most for a stew made of a particular kind of snake, costing from six to eight dollars.

MRS. SARAH JANE BROWN REESE

Mrs. Sarah Jane Brown Reese, widow of the late Philip Reese, and one of the oldest residents of the third ward passed away at her home on Nichols street Sunday evening, at 5 o'clock, after an illness extending for several months. Mrs. Reese was about 83 years and 4 months and death was due to a general breakdown incident to her advanced years.

The deceased was a life long resident of this community and enjoyed the respect and esteem of a wide circle of friends. She is survived by four brothers and two sisters, viz: M. G. Ezra, Edgar W. and Lewis Brown, of Clearfield; Mrs. Ella Bloom, of Vandergrift, Pa., and Mrs. Frances Weaver of Clearfield.

Mrs. Reese was a consistent member of the Methodist Episcopal church and her funeral services will be conducted by Rev. C. C. Snively of the West Side church at her home on Tuesday afternoon at 2 o'clock. Interment in Hillcrest cemetery.

Gifts That Find Ready Welcome

A Gift of an Electrical Appliance is one that will find most ready welcome in any home this Christmas. A gift of this sort is both a practical and an ornamental one—whether it be an Electrical Toaster—Percolator—Chafing Dish, or any such contrivance.

Such a gift is practical in the convenience it renders, and in its labor and time-saving efficiency.

It is ornamental in that its appearance is such as to make it a welcome addition to any table or cabinet.

Select such a gift here. Our assortment is most complete.

The LITTLE SHOP AROUND the CORNER

INDIA'S VOICE MAY BE HEARD IN WASHINGTON

Eloquent British Representative From India India May Electrify Arms Conference Soon

Washington, D. C., Nov. 28.—The Hon. V. S. Srinivasi Sastri, India's delegate to the disarmament conference is expected to arrive at an opportune moment of one of the Washington sittings and and electrify the conference.

At the Imperial Conference in London this summer and at the recent League of Nations assembly at Geneva, he made perhaps the most eloquent speeches of the session in stating India's cause.

Still a young man, white turbaned, dark skinned, handsome, with firm mouth, straight nose, broad high forehead and frank eyes and clothed from neck to foot in a black priest-like gown Sastri, a son of poor Indian people has become a leader in India, one of its delegates to the Imperial Conference and the League of Nations, a member of the British privy council, composed of nobles, appointed for life as advisors to the King—and incidentally a freeman of London.

From a poverty stricken youth, he became a school teacher in his native state of Madras. It was not long before he decided to devote his life to India's cause. He had no means, he depended upon small popular subscriptions from the people he hoped to help. First as a member of the Legislature of Madras and later as President of the Servants of India Society and a member of the Legislative Council and Council of State he has become known in India as the "outstanding representative of modern opinion."

Himself a moderate leader, Sastri is one of the leading fighters against the extremist separatist element in India. He believes unqualifiedly in the Empire. However, he is demanding recognition of India's claim as a British dominion, equal to any other dominion.

Had Excuse for Eating Candy.

Edith's aunt had come for dinner and brought the little girl a box of candy, but warning her not to eat any of it until after the meal, as it would spoil her appetite. Edith turned to her mother and asked what the meal for the meal was, and was informed that lamb stew had been provided. "Oh, then I guess I'll eat candy and spoil my appetite. I don't care for lamb stew."

CHRISTMAS SEAL SALE DAY TO BE HELD DECEMBER 1

House-To-House Can- vass To Be Made—Sale Will Continue Until Christmas Day.

Next Thursday December 1st will start the Christmas Seal Sale in Clearfield and will continue until Christmas. Last year the Seal Sale dragged along daily for several weeks and those in charge had no Christmas at all. In order to overcome this it is planned to have a Seal Sale December 1st and make a house to house canvass of business places and homes after which the seals will be placed on sale in booths and in the schools. Every home will be canvassed and each housewife given a sticker to put in the window to avoid being annoyed by children ringing the bell and wanting to sell Seals.

Committees are being formed for each district which will be announced soon and it is hoped to cover the town in one day.

The slogan this year is "Christmas Seal All Your Mail."

Pedestrian Knocked Down By Automobile

Frank Morgan, a resident of Chester Hill, was knocked down and pain fully bruised Sunday evening about 6:30 by an automobile driven by William Stewart, manager of the A. & P. grocery store in the Hotel Dime ling block.

The accident occurred at the foot of the hill on the Main street through the borough. Morgan was taken at once to the Philipsburg hospital where medical aid was given him, and where it was found that his injuries were not of a serious nature. Word from the hospital this morning was to the effect that the injured man would be alright again in a day or two.

It was raining heavily and the driver of the car did not see the pedestrian until he was right upon him.

AUSTRALIAN STATE SPENDS HUGE SUM ON EX-SERVICEMEN

Secure Farms And Homes For Ex-Sol- diers, Wives, Widows And Dependents.

Perth, Australia, (By Mail to the United Press).—A remarkable record in public improvements and enterprise is that achieved by the State of South Australia, whose population is less than 1,000,000. For its returned soldiers it has spent nearly \$50,000,000 for the purpose of repatriation, of which sum some \$11,000,000 were expended in securing homes for ex-service men; \$14,000,000 for homes and benefits for the widows and widowed mothers of deceased soldiers, and \$25,000,000 for settling the returned fighters on farms.

In the line of public works for the improvement of land values through the enhancement of agricultural output, the state will spend approximately \$60,000,000 in irrigation and reclamation work on the Murray River, the most important river of Australia. The project is also in line with providing good lands for settling all sailors and soldiers of the great war desirous of going back to the land, since land in the vicinity of Murray river undertaking will become especially adapted for that purpose because of the improvements.

Silence is very near akin to wisdom. There are folks who may not agree with that, yet it is true. Our old friend Cato said once: "The first virtue is to restrain the tongue; he approaches nearest to the gods who knows how to be silent, even though he be in the right."

Nuts Considered Lucky. In Russia and some other countries nuts are considered lucky and money bringers. A Russian will keep nuts in his house, and it is said that hazelnuts will discover to the owner secret or hidden wealth.

READ WHAT THEY THINK OF OUR BAND IN PITTSBURGH!

DOESN'T THAT SAY SOMETHING ABOUT THE SORT OF CONCERT YOU'LL HAVE AN OPPORTUNITY TO HEAR TOMORROW AND WEDNESDAY NIGHT?

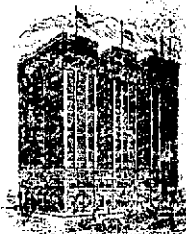

A LITTLE STORY EXPLAINING HOW WE HAPPENED TO PLAY AT THE WILLIAM PENN HOTEL

The whole trip to the American Legion Convention at Pittsburgh by the Clearfield American Legion Band, was meant as an advertising scheme for this city. The trip was made in cars, stopping at the towns along the way—AND THE BAND ADVERTISED CLEARFIELD MORE THAN ANYTHING THAT HAS BEEN DONE FOR YEARS.

After the American Legion parade in Pittsburgh, the manager of our band went to the management of the William Penn Hotel and asked if they wanted a concert in the lobby. The management stated that "it was no use—other bands have tried it and their volume was too great." But our manager had faith in the fellows and knew what our band could do. Consent was finally gained and a concert was arranged.

The selections were made and, after the first number, in which Prof. Thayer had the fellows playing as they never played in their lives before, folks 'round the hotel began to sit up and take notice. An hour's concert was given and the audience was loathe to let the band stop then.

Now, Pittsburgh is used to good bands. The William Penn Hotel patrons are used to good music. AND WHEN OUR AMERICAN LEGION BAND CAN HOLD AN AUDIENCE LIKE THAT AND MAKE THEM WANT MORE, IT IS CONCRETE PROOF THAT IF YOU WANT TO HEAR SOME GOOD BAND MUSIC, YOU'D BETTER GET BUSY WITH A TICKET!

William Penn Hotel

Pittsburgh Nov. 19, 1921.

J. Mitchell Chase, Esq.,
Keystone Bldg.,
Clearfield, Penna.

Dear Sir:—

In behalf of the Hotel Management, I

wish to extend our thanks and appreciation to the Manager, Leader and members of the American Legion Band of Clearfield for the fine concert rendered in our Hotel Lobby during their visit to our City at the time of the American Legion State Convention.

The able manner in which each selection was rendered was shown by the unusual applause from the large crowd assembled in the Hotel Lobby during the concert.

Any town should feel proud to have a band composed of such artists as make up the American Legion Band of Clearfield.

Very truly yours,

WILLIAM PENN HOTEL.

W. S. Grenoble,
Assistant Manager.

THE LOCAL AMERICAN LEGION POST IS SPONSORING ONE OF THE BEST BANDS THIS SECTION HAS EVER KNOWN.

YOUR ATTENDANCE AT THIS CONCERT WILL BE PROOF AS TO WHETHER YOU APPRECIATE SUCH A BAND, WHICH IS DOING ITS SHARE TOWARD KEEPING CLEARFIELD BEFORE THE STATE.

The KITCHEN CABINET

(Copyrighted by Western Newspaper Union)
Every task wrought out in patience brings a blessing to the doer. Joy comes to the waiting worker. But, elude the swift passer.

A FEW FOREIGN SOUPS.

Many of these soups are too complicated for a mere American to prepare, for they call for too many things not easily obtainable; the following is a good example:

Russian Gabbage Soup.—Cut into small squares two medium sized onions and fry them in two ounces of lard, add one and one-half pounds of sauer kraut coarsely chopped and stew together until all moisture is extracted. Sprinkle with a tablespoonful of flour and three tablespoonfuls of sour cream. Mix well and moisten with three quarts of broth. When boiling add one partly roasted duck, one pound of breast of beef cut in three or four pieces and a few pork sausages. Let simmer gently until the ingredients are well done. Remove the duck, beef and sausages from the soup, add one cupful of sour cream, season to taste, add the meats, chopped parsley and serve.

Japanese Fish Soup.—Slice very fine one carrot, one turnip, one onion and two leeks, fry gently in one-fourth cupful of butter for a few minutes, add the same amount of flour, mix well, add one teaspoonful of curry powder, stir for a few minutes and moisten with fish stock. Boil for twenty minutes, then add one small potato cut in squares, two ounces of cooked rice, one small chili pepper and half the rind of a lemon grated; simmer twenty minutes. Add eight ounces or half a pound of flounder cut in squares and the same amount of end shredded small. Let boil for eight minutes, season to taste and serve.

Scotch Stew.—Put six good-sized onions and one and one-half pounds of hamburger steak into an iron kettle. Season with salt, pepper and let cook in the juice of the meat for an hour or more. Then set over the heat and brown thoroughly. Now add one and one-half quarts of water and cook one-half hour longer. Add six peeled and sliced raw potatoes and continue to cook more rapidly until these are done. Season to taste with salt and pepper.

THE GRANARY

A Column of News and Timely Topics for the Man Who Feeds the World

Eight Hour Day in Agriculture

There has been a growing belief in rural sections that the farm laborer should fare as well as the industrial laborer, in point of hours as well as in point of pay. "Why should I work ten or twelve hours a day, while you work only eight?" the farm hand asks of the factory hand. And with some variations, the farmer who owns his farm and who does his own work is inclined to ask the same question.

In some parts of Central Europe where they are trying to build a new economic heaven and a new earth, they are endeavoring to answer this question by passing laws. Czechoslovakia, for instance passed an eight hour day act and applied it to agriculture. The law has been in force 3 years this month, and we are now in receipt of a report on the workings of the law from the International Labor Office at Geneva.

It is interesting to study this report and the conclusions reached by those who have been effected by its enforcement. Briefly it may be summarized in the words of Dr. Suchy, speaking in the name of the agricultural council:

"The Act was observed only at first but both workers and employers have now realized it cannot be applied to agriculture, and it is well known that it is not observed."

The reason, of course is simple enough and is explained by Inspector Kominek, who says: "If the day be taken as a unit, agricultural work is not like factory work and it cannot be adapted to an eight hour day nor a nine hour day. If bad weather continues any one year work has got to be got through with in three weeks instead of six, and the same amount of work."

The Act seems to have been applied successfully in forestry work, in agricultural improvements and public utility work but "on the whole," summarizes the report, "experience seems to show that a rigid application of the principle of the eight hour day is impossible in agriculture. It is a principle which must be modified and that must be made elastic, in order that it may be adapted to local agricultural conditions."

So it seems that the eight hour day doesn't work satisfactorily in the farms of Czechoslovakia. That country is very far away of course but farmers must take into consideration the growing season and the weather.

Winter Poultry Pointers

Good warm wheat makes a nice breakfast for the bitties.

Skimmilk is thin looking stuff but it might be put to good use in the poultry yard.

Use a little more clean litter on the floors. Keep the fowls hard at work. It is a form of health insurance.

In poultry raising the breed is important, but the man or woman behind the breed is more so.

For hatching purposes take the egg from the hens that lay best. Build up and never let the standard down.

As a rule, eggs from two year old hens give better satisfaction than those from younger stock for early hatching in the spring.

Fowls that have been running out may have needed no grit and may have got along without oyster shell, but now that they are confined all or much of the time, a supply of these important ingredients of the ration should not be neglected.

—Farm Life

Founders of House of Medici

Cosimo Medici, son of Giovanni de' Medici, was the founder of the elder branch of that famous Italian family, celebrated for the number of statesmen which it produced and for its patronage of art and letters. Lorenzo, also a son of Giovanni de' Medici, founded the younger branch of the house of Medici.
